EYES

Cream eyeshadows or powder shadows with a **shimmery finish** enhance your natural, fresh-looking glow.

Don't shy away from bright accent colors. You'd look great in a **turquoise or tropical green** eyeliner, especially if you have green in your eyes.

Consider wearing a **dark brown mascara** rather than black.

CHEEKS

Reach for highlighters with a **golden shimmer**. This will bring out the brightness in your features.

Rachel
Your Best Colors

You Are a True Spring

NakedPoppy finds your most flattering colors using an advanced version of what's called *seasonal analysis*. Rachel's **True Spring** palette reflects the first pops of color as spring flowers begin to bloom. Warm, fresh, and lively shades complement Rachel's natural coloring.
